From (Name) S. Cox, Esquire, I.F.S.,

(Designation) Chief Conservator of Forests.

I

To The Secretary to Government,

Development Department.

Sir,

N

With reference to Government Order No.221 Development Department dated 9th February 1921, notifying Bellary as the head-quarters of the Conservator of Forests, Second Circle, I have the honour to state that the Conservator (Mr.Jackson) was able to secure accommodation for his office after some delay.

The Cavalry Mess House, No.22, Bellary Cantonement, happened to fall vacant from 15th February 1921 and

2

and with my previous approval the Conservator has taken up the building for his office on a monthly rental of Rs.50/-. The Executive Engineer, Bellary, has certified that the rent charged is reasonable.

2. As for the Conservator's quarters, Mr.Jackson has not been able to secure suitable accommodation. He now reports that the Battery Mess House No.62, Bellary Cantonement is to be sold by public auction this month and that it is by far the most suitable residence for a conservator. It would appear that there are no other suitable houses except small ones which will be unbearable during hot weather. He suggests accordingly that the Battery Mess House may be purchased by Government for the use of the Conservator. Mrs.Cormac, the owner of the house, demands Rs.25,000/-. If, however, the house is valued on the basis of its present rental which is Rs.60/- per mensem, it may be possible to purchase the building for a less amount. This is a matter for the Public Works Department to settle. Mr. Jackson is of opinion that on account of its situation and its suitability the present opportunity of acquiring it should not be missed.

3. I am well aware of the present financial stress of Government but in view of the necessity of finding suitable accomodation

accomodation for the Conservator, I would urge the matter for the due consideration of Government. The purchase of a bungalow suitable for habitation may well be cheaper than constructing a new bungalow.

I have the honour to be,

S i r,

Your most obedient servant,

for Chief Conservator.

Sir, From M.R.Ry. S. Krishnaswami Ayyar Av. I. Offg. Executive Engineer, Bellary Division, No. 3940 dated 22nd June 1921:-

Ref:- Nos. 4090 and 3096 dated ~~29th~~ 20th May and 18th April 1921 Quarters for the Conservator of Forests, Second Circle Bellary.

Herewith copies of communications received from the Collector of Bellary and the Sub Divisional Officer. Bellary relating to the purchase of the Battery Mess house, for use as Residence for the Conservator of Forests Second Circle..

I am of opinion for the reasons explained in the Sub Divisional Officer's letter that it is not worthwhile purchasing the building as the renewal of ~~the~~ roof timbers and the reconstruction of the cracked will be a costly item as also the charges for annual repairs and maintenan

Forwarded to the Chief Engineer, P W.D. in reference to his Memo

the future of Bellary as a cantonment further enquiry about the purchase
of any other cantonment bungalow would serve no useful purpose.

Letter D.Dis. C. No. 4103 dated 15th June 1921 from the Collector o
Bellary to the Executive Engineer, Bellary:-

A Copy of the communication received from the Secretary, Cantonment Committee, Bellary is herewith sent. It will be seen from this that there is no official announcement that Bellary will cease to be a military statio

The last para of the Secretary's letter further shows that the Battery Mess house is still required by the Military Authorities.

Copy of letter C. No. 984 dated 11th June 1921 from the Secretary, Cantonment Committee, Bellary to the Collector, Bellary:-

I regret that my powers of divination are such that I am unable to grant your request regarding the closing of Bellary as a Military station. There is no official correspondence on the subject in this office.

As far as I personally can judge, I consider that every thing points to the fact that 1/76th Punjabis will be here for sometime say a period of about six months. This is not in any way an official view but things point to it. For example sanction has been accorded for men's family joining them from the Punjab.

The 1/76th Punjabis are expected in about three weeks time when it is expected that Bungalow No. 62 will be required for the Officer's Mess.

Copy of letter from the Sub Divisional Officer, No. 1436 dated 19th May June 1921 to the Executive Engineer, Bellary:-.

Ref:-. Residence for the Conservator ~~of Forests~~ at Bellary.

With reference to above, I have the honour to report that the building in question, is totally unsuitable for purchase by Government. The whole of the rear portion, roof timbers, are of palmyrah, the walls are cracked, and, as the amount required to put this building, in a thorough state of repair, will be very large, it should not be acquired.
